

Anton Seitz

Engineering Master's Student · NLP Researcher · Judoka

seitz.anton1@gmail.com | linkedin.com/in/antonseitz | Tsukuba, Japan

Engineering master's student and NLP researcher at the University of Tsukuba, with three years of applied machine-learning experience at Bosch building data pipelines, retrieval-augmented LLM tools, and unsupervised anomaly-detection systems. One of only six recipients selected from Germany for the competitive MEXT scholarship. Trilingual and an internationally competitive judoka.

EXPERIENCE

Researcher — Utsuro NLP Lab Apr 2026 – Present
University of Tsukuba · Tsukuba, Japan

Research on natural language processing and the evolution of large language models.

Bachelor Thesis — Unsupervised Machine Learning May – Sep 2025
Bosch, Vehicle Motion · Schwäbisch Gmünd, Germany

Built an unsupervised anomaly-detection pipeline on torque and angle screw-tightening curves; trained per-step autoencoders and shipped dashboards to flag faulty operations and reduce defects.

Machine Learning Intern Dec 2024 – Feb 2025
Bosch Digital, Metaverse Lab · Berlin, Germany

Configured a local LLM workstation, researched fine-tuning strategies, and delivered a technical deep-dive presentation.

Software Engineering Intern Jun – Sep 2024
Bosch Japan, Engineering Business Excellence · Yokohama, Japan

Built a Microsoft Teams bot for daily habit analysis (TypeScript, Azure, Bot Framework).

Data Science Intern — “DEEP GPT” Nov 2023 – Mar 2024
Bosch, Business Digital Office · Abstatt, Germany

Built a data-analysis tool using retrieval-augmented generation over semantic graphs, connecting an LLM API to internal data.

Cooperative Education Student (dual study) Oct 2022 – Sep 2025
Bosch · multiple sites, Germany

Three-year work-study program alongside the BSc, with earlier rotations in Hardware Infrastructure (Python tooling and GUIs) and Technical Functions (foundational AI).

EDUCATION

M.Eng, Intelligent & Mechanical Interaction Systems · University of Tsukuba, Japan · MEXT Scholar 2026 – 2028

BSc, Computer Science (Data Science) · DHBW Cooperative State University, Stuttgart 2022 – 2025

Abitur · Hohenstaufen-Gymnasium Göppingen · Math, English, Russian 2014 – 2022

SKILLS

Python SQL NLP / LLMs RAG TensorFlow scikit-learn Docker GCP
Git Tableau Bot Framework

LANGUAGES

German (native) · **Russian** (native / bilingual) · **English** (full professional, C1) · **Japanese** (elementary)

HONORS & AWARDS

- ▶ MEXT Scholarship: one of only six recipients from Germany
- ▶ Best student of the 2022 graduating class
- ▶ Mathematics Abitur Prize, 2022
- ▶ Anton Chekhov Prize (Russian language and literature)
- ▶ Gold, Junior Asian Cups (Hong Kong & Macao), judo
- ▶ 3rd place, German Championships, judo
